DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-5, prior art fails to show a disk cartridge comprising an elastic member with the distinguishing elements being wherein the elastic member assumes a non-deformed state for keeping the disk away from the anti-static layer, the elastic member also assuming an elastically deformed state for allowing the disk top move into contact with the anti-static layer.

Regarding claims 6-15, reasons for allowance are as discussed in the previous Office Action mailed September 29, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. Applicant's submission of a certified English translation of the Japanese priority document (see amendment filed December 27, 2004) in response to the Office action mailed on September 29, 2004, renders the rejection of claims 1-5 moot. Therefore, the rejection of claims 1-5 has been withdrawn.
